

British Orienteering are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within a British Orienteering environment are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identify of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed. Also, it must be recognised that photos now fall within the legislation of GDPR.

Parents and carers of participants under the age of 18 and adults at risk who wish to take images are requested to focus on their children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms. Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their children when taking part in orienteering events, it should be recognised and respected that other parents/carers may not wish for their child's image to be taken and shared in this way.

British Orienteering encourages all spectators and participants at British Orienteering events to make themselves familiar with the photography and filming arrangements for the event and be vigilant during that event.

British Orienteering is committed to ensuring that all children and adults at risk who participate in British Orienteering activities can take part in an enjoyable, safe environment and be safeguarded from harm. If you have any concerns at an event, please contact an Event Safety Officer immediately to disclose your concerns or the British Orienteering Lead Safeguarding Officer by emailing safeguarding@britishorienteering.org.uk or calling 07540 150963.

Event Photography and Filming

This event will be photographed and potentially video recorded. Static images may be displayed on the British Orienteering website www.britishorienteering.org.uk. They may be used to promote the sport at this event and events in the future. Moving images may be displayed on the British Orienteering YouTube channel and other social media. Also, British Orienteering may use these recordings and images for education and training, promotion, and development purposes.

In such instances where the event is being videoed, it will not be possible to provide the option to refuse consent to filming and if there are any concerns, please speak to the Communications Manager or Event Organiser present. However, if individuals wish to refuse consent to static photography, please complete the Photography Refusal of Consent Form below and return to the organiser.

PHOTOGRAPHY REFUSAL FORM

All parents, competitors, coaches and volunteers are required to acknowledge this is a public event and upon entering the competition this may result in the recording and publication of his/her image.

Should any competitor wish not to have their photograph published please complete the form below. If at any time a competitor wishes a static image to be removed from our website, 7 days' notice must be given to British Orienteering after which the data will be removed.
