Whats Next for the Urban-0 Explorers? 08

INTRODUCTION

The Urban-0 Explorers are a Community Satellite Hub of Lagan Valley Orienteers (LVO).

They Adventure into areas of North and East Belfast on Sunday Afternoons with Orienteering maps to #getoutside and #explorenearyou.

The Hub is a multiple partnership share between LVO, Sport Northern Ireland, Sport Northern Ireland's, Bichab Orienteering, Active Clubs Programme and LVO.

This is how the Urban-0 Explorers Hub came to be and involvement with Sport Northern Ireland, the Active Clubs Team took a vital role to next for this inspiring local project.

01 BEAT THE STREET

Beat the Street worked hand in hand with the Hub to make sure participants felt inspired to play. The science at the end of the project showed that Beat the Street was successful in getting people more active, with the average number of weekly visits to parks and green spaces increasing by 28%. Not only was physical activity recorded. You can play as a team or individual.

How did LYO link with BTS?

The Hub was a satellite hub to Lagan Valley Orienteers (LVO) and was a Beat the Street Wildcard Partner. Beat the Street Wildcards are a group of local organisations who are trusted to nominate people who they think would benefit from playing Beat the Street.

Having done it is organised Beat the Street Wildcard Partner, we were trusted to nominate people who we thought would benefit from playing Beat the Street.

Sending members of the community to play Beat the Street was a great way to introduce them to the Hub and Orienteering. Some of them would be an interest but to have to go to a new place and meet new people. Beat the Street was a great way to introduce them to the Hub and Orienteering.

"It was brilliant to see people from different communities and over 20 years posing over the Beat the Street Maps with young people from different communities, discussing route choices and the sights they saw along the way.

Beat the Street with LVO: A Snapshot

72% of Participants came to play from Areas of High Social Need

02 URBAN-0 EXPLORERS

Throughout the Beat the Street project, the Urban-0 Explorers Hub was running the Leaders programme to train a group of young people to become Orienteering Leaders.

The Leaders programme was designed to develop young people's leadership skills, while also introducing them to Orienteering. The Leaders programme was delivered by Sport Northern Ireland's Active Clubs Team.

Active Clubs supported this initiative by helping to recruit young people to take part in the programme and by providing the club and supporting the club to develop and grow.

Urban-0 Explorers: A Snapshot

89% of Participants came to explore from Areas of High Social Need

"I open Beat the Streets have opened up the opportunity to engage a new audience to orienteering. I was a member of a legacy of long term activity Urban-0 Explorers has been able to engage with a wide range of people and have had Participants from across the community in terms of age, ability or background."

Donna White, Beat the Street Engagement Manager

"Urban-0 Explorers have turned our boring Sundays into fun filled Sundays, getting the family together from the comfort of our own doors. Urban-0 Explorers has also helped us to meet new people and has become a part of our family."

"Don't know where to start. Fun-friendly, fab people and last but not least getting fit. Thanks to everyone for all their hard work."

Social Media Success

Facebook has been an invaluable tool for the project so far and will continue to be moving into 2018. The Hub has achieved this by:

- Continuously updating the Facebook page
- Continuously both hashtags and language for familiarity and consistency (#getoutside and #explorenearyou)
- Interacting with participants and other Orienteering Clubs by liking, sharing, Facebook Shared Memory's Covers and Celebrating Participants Success
- Encouraging Participants to like and share and post pictures of themselves and the project to increase awareness in the Greater Shankill Area

Tagging Participants in posts and pictures to encourage them to interact with the same message and mutually like of the Hub's Facebook page.

The People URBAN-0 EXPLORERS The Stories

Kirsty & Mia

Husband and Mother and Daughter
Age: 27 and 3

Kirsty and Mia have been at the Hub since it's launch, they were not involved in Orienteering before the Hub and have both enjoyed the Hub and Orienteering. Kirsty and Mia have been to a number of Hub events and have been able to make friends with other participants and Leaders who Hub Orienteering.

Kirsty says "We love the fact that its a family friendly event, which is free to participate in."

Kirsty says "We love the fact that its a family friendly event, which is free to participate in. We have been able to make friends with other participants and Leaders who Hub Orienteering. We have been to a number of Hub events and have both enjoyed the Hub and Orienteering. We have also been to the Hub's Orienteering Festival and Christmas Party."

Kirsty says "We love the fact that its a family friendly event, which is free to participate in."

The People URBAN-0 EXPLORERS The Stories

Wendy

Wendy played along Orienteering with her son and dad and has been with LVO and as an individual. She is a member of the Hub and has been involved in the progress Northern Ireland Orienteering Festival and Christmas Party. Wendy has been involved in something the whole family can enjoy and be involved in.

Wendy says "I've met 1 of 2 of orienteers and have been able to make friends with people I would never have met before. I've been able to take my son and dad to Orienteering and we've been able to do something as a family. I've been able to take my son to Orienteering and we've been able to do something as a family. I've been able to take my son to Orienteering and we've been able to do something as a family. I've been able to take my son
